

## Richardson House Slated for a New Sidewalk

Several years ago, Four Lanes End Garden Club committed and earmarked \$10,000 to help Langhorne Borough replace the sidewalk at the historic Richardson House. At a recent Council Meeting, members of the FLEGC were on hand to present a check to Council for \$10,000.00. The Richardson House is located in the borough at the corner of Bellevue and Maple Avenues. Four Lanes End Garden Club is proud to hold its monthly meetings at this location and works hard to maintain the outside space for the public's use and enjoyment.
